"I've made a heart, and it's just for you!"

8

"Will you be mine?" said Milky Mew?
"I'll share my ball of yarn with you!"

9

Note from the author:

The orange kitten on page nine looks so much like my own cat that I had to give it his nickname: Milky Mew! When he was just a kitten, one of five that had been abandoned in our front yard, he would lap up the milk and say an appreciative, "Mew! Mew! Mew!" Now that he's a tamed house cat, he still says thank you when he's fed! The name stuck!
