

T.I.G.E.R.

Reading Club

Educational research shows that early readers need lots of practice in order to become independent, fluent readers. Pepper Drive School is looking for volunteers to participate in the T.I.G.E.R. (Teaching Independence: Guiding Early Readers) Reading Club. If you have one hour a week to listen to and support young readers, please attend our training meeting to learn how to speak the "TIGER" language. Parents of K-2 children are also encouraged to attend to learn how to support their beginning readers at home.
