

oo Sound, Write, and Check

1. Turn all the cards picture side up in a pile.
2. Say each picture softly to yourself. Flip the card over to see if you said the right word.
3. Put all of the cards back into a picture-side up pile.
4. In your learning log, try to write the word for each picture. Do not peek at the word on the back!
5. When you are finished writing, flip the cards over to check your spelling.
