What do You See?

Mitten, mitten,
What do you see?

I see a mole who wants to live
with me!

Mole, mole,
what do you see?

I see a snowshoe rabbit who
wants to live with me.

Snowshoe rabbit, snowshoe
rabbit, what do you see?

I see a hedgehog who wants
to live with me.

Hedgehog, hedgehog,
what do you see?

I see an owl who wants to
live with me.

Owl, owl,
what do you see?

I see a badger who wants to
live with me.

Badger, badger,
what do you see?

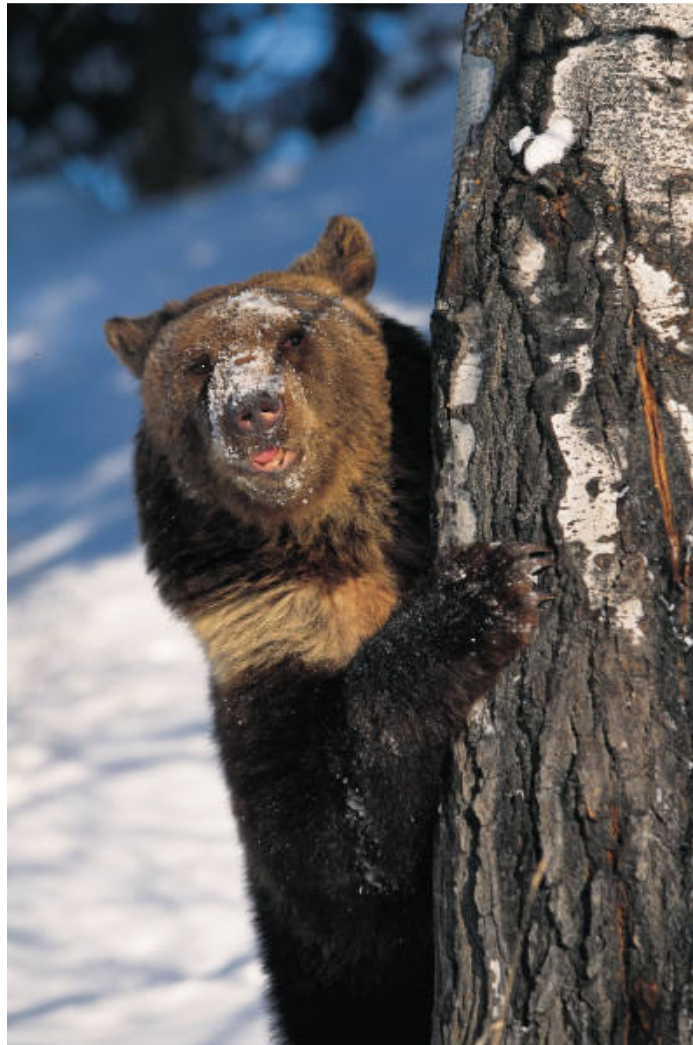

I see a fox who wants to live
with me.

Fox, fox,
what do you see?

I see a bear who wants to live
with me.

Bear, bear,
what do you see?

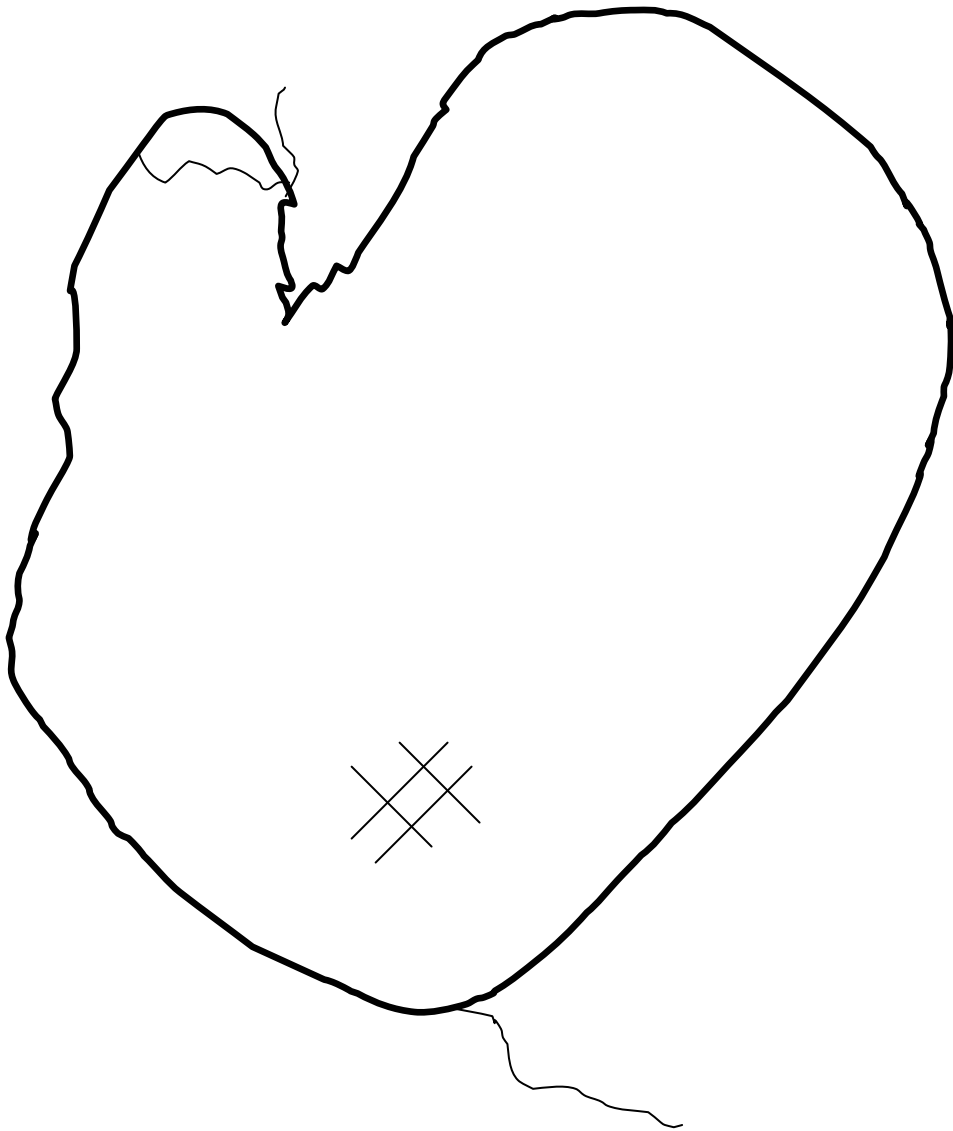

I see a mouse who wants to
live with me.

Mouse, mouse
what do you see?

I see a ...

mangled mitten!

That's what I see!
