We Are The Worms!

We are the worms! Some of us are little, and	10
some of us are big. We always have to go fishing,	21
but we don't really want to catch anything! When	30
we get to the lake, we go swimming down, down,	30
down to the bottom. We see some big fish and	40
then we see some little fish. I am just glad that	60
they don't see me!	6 ^L
