

Name _____

Put Two and Too Together to Get More

What do you see when you sit by the sea? I will tell you what I see	17
with my eye. Take a little time and you will see what this story is really about!	34
I see too many boats, so I'll take a look at two of them. One of	50
them has won many races with its large sail. Do you think it's for sale? No, I	67
don't think so, but I would like to buy that ship made of wood that sails by	84
the sea. I would put myself on that ship and take a long trip on the sea.	101
The second ship sails out to sea in the morning, catches many fish,	114
and comes back right on time by four o'clock. I asked one fisherman,	127
"Where do you get the right clothes to wear for fishing?"	138
He laughed and said, "I got mine at the Seller in the Cellar! Would	152
you like to come on board and learn how to fish? I won the fishing contest	168
today. If you're bored, I can teach you how to tie your hook on the line with	185
a knot!"	187
I said, "No, thank you. I can not do that today. I am due back at	203
the Fisherman's Inn where I am going to meet two friends for dinner. We	217
are having our favorite food in their restaurant. It's the meat of the sea . . .	231
fish!" They're going to be there soon, so I do not want to be late!	246
