

Name _____

Read the story. Read it again. Can you find the special words in the story? Count the number of times that you see each special word and write it next to the word below.

A Walk in the Woods

What would we see if we were to go for a walk in the woods in November? What will we see in the tall, tall trees and under the leaves on the ground?

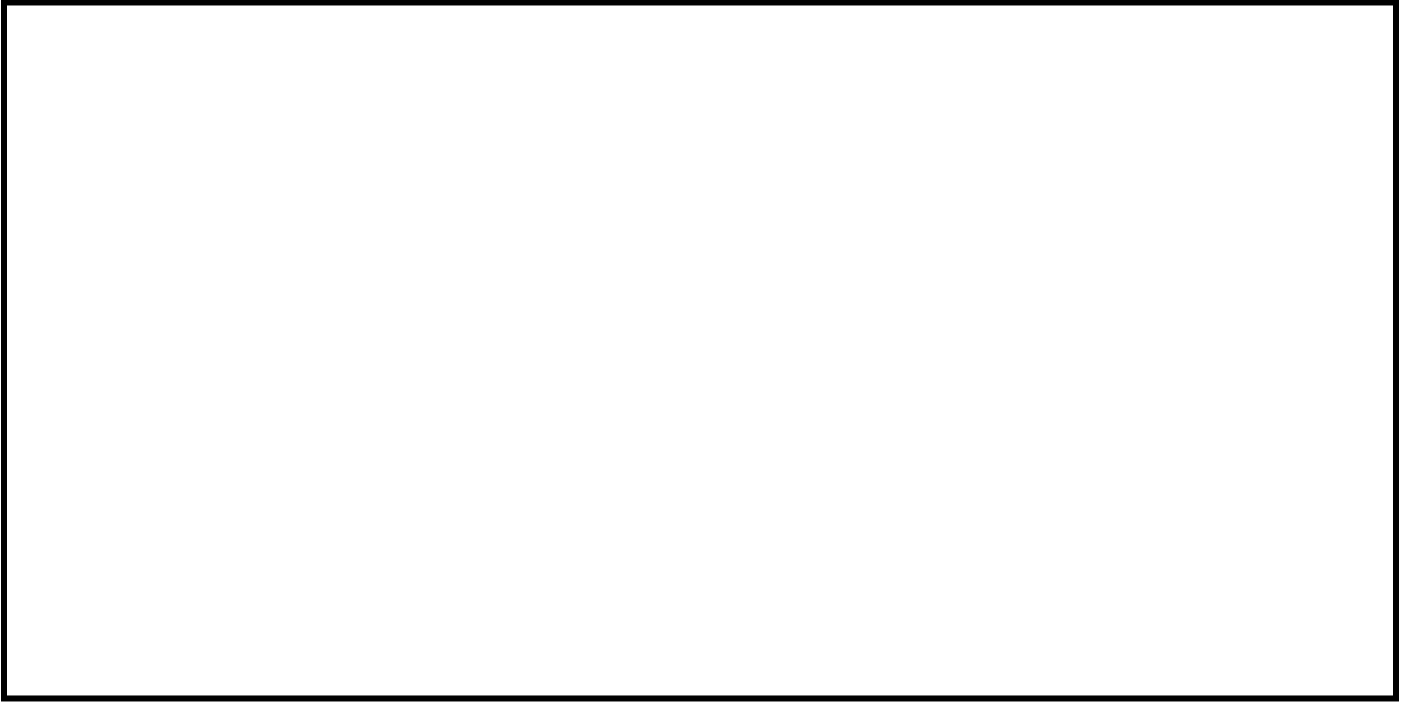

If we look up high into the tops of the trees, what do we see? We see so many gray squirrels getting ready for the winter. They do not have time to stop and play. Better hurry, squirrels!

If we look down below our feet, what do we see? We see many colored leaves on the ground. Not too many trees keep their leaves for the winter. We can also see acorns and pinecones under the leaves. It must be fall!

Will you take a walk with me in the woods in November? We can look for other things in the trees and on the ground.

what _____ so _____ see _____ not _____ were _____
--

Draw a picture of some of the things you would see during a walk in the woods.

Fill in the Blanks

Read each sentence below. Circle the missing word and write it in the space.
